

2021-22 Flu Vaccine Availability at Carroll County Area Pharmacies and Clinics

Call your doctor to ask which flu vaccine is best for you and check availability. If you choose to go to a pharmacy or clinic, call ahead and ask: 1) Is the flu vaccine in stock, and what types do you offer? 2) What ages can you vaccinate? 3) Do you accept my insurance? Can you bill my insurance (most can bill) or do I need to pay and get reimbursed? 4) What are your pharmacy/clinic hours?

Carroll County Flu Vaccination Resource Sheet

Getting a flu vaccine every year is the best way to protect yourself and your family from illness, missed work and school, and serious health problems related to the flu. CDC recommends that everyone 6 months and older get vaccinated. To find a flu vaccination, visit:

Your Provider's Office: Ask your primary care or pediatrician's office about getting the flu vaccination. Most offices have it available for their patients. Ask if your insurance will cover the vaccine and if there is a copay.

Your child's school: Currently the Health Department, Carroll County Public Schools, and the Maryland Partnership for Prevention have scheduled no-cost flu shot clinics **for CCPS students only** at county public schools on the dates below. A clinic for children who do not attend Carroll County Public Schools will be scheduled for November. Watch this page and our social media for details.
